Section 2. Further Definitions. In addition to the foregoing, any capitalized terms otherwise defined in the SSA shall have the same meaning as described therein.

PAYMENTS TO STUDENT ATHLETES & REPORTING

Section 1. Payment Rules. Defendants shall change all NCAA Division I and Conference Defendant rules to permit payments to student-athletes contemplated by the terms of this Injunctive Relief Settlement. For avoidance of doubt, payments that are not contemplated by this Injunctive Relief Settlement (e.g., any payment to a student-athlete that, when aggregated with other payments above those permitted by NCAA Division I rules as of the date of the motion for preliminary approval, would result in a Member Institution exceeding the Pool defined below) remain prohibited.

Section 2. Member Institution Payments for NIL, Institutional Brand Promotion, or Other Rights. Each Member Institution, and each student-athlete, will have the right to enter into an exclusive or non-exclusive license and/or endorsement agreement for that student-athlete's NIL, institutional brand promotion, or other rights as permitted by this Injunctive Relief Settlement, provided, however, that no such licenses or agreements shall authorize payments for the right to use a student-athlete's NIL for a broadcast of collegiate athletic games or competitive athletic events. In addition the Member Institution or a designee/subcontractor of the Member Institution (e.g., a local rights holder) may act as the marketing agent for the student-athlete with respect to third-party NIL contracts; provided, however, that a parent, guardian, lawyer, or other competent representative may assist the student-athlete in discussions regarding entering into an exclusive or non-exclusive license or endorsement agreement, unless the student-athlete waives in writing the assistance of a parent, guardian, lawyer, or other competent representative.

Neither Defendants nor their Member Institutions may enter into any NIL agreement including but not limited to any licensing, institutional brand promotion, or endorsement agreement with a prospective or enrolled student-athlete for a term that extends beyond his or her eligibility to participate in NCAA sports; provided, however, that if a Defendant or a Member Institution has

Case Nos. 4:20-CV-03919

licensed the rights to use the NIL of a student-athlete to promote the Defendant or the Member Institution's academic or athletic program in content created while the student-athlete is enrolled, such licensee shall not be required to discontinue use of such content, if and as permitted by the agreement with the student-athlete, after that student-athlete's eligibility has expired. For avoidance of doubt, such licensee shall not be permitted by the prior sentence, after the student-athlete's eligibility has expired, to sell goods and services incorporating the NIL of the student-athlete, or to continue (or continue to authorize) use of the NIL of such student-athlete to promote the goods or services of a third party.

Section 3. Third Party NIL Payments. The NCAA shall not have any Division I rules prohibiting student-athletes from receiving payments from third parties for NIL, other than as set forth in this Injunctive Relief Settlement. For the avoidance of doubt, entities or organizations that are owned, controlled, or operated by Member Institutions and/or conferences are not third parties. Subcontractors of a Member Institution will not be considered third parties in instances and to the extent they are acting as an agent, facilitator, and/or administrator for a Member Institution whereby they are making payments to student-athletes that originate from/are paid by a Member Institution.

Section 4. Mandatory Student-Athlete Reporting. All Division I student-athletes will be required to report to (a) the Member Institution in which they are enrolled and/or (b) the Designated Reporting Entity any and all third-party NIL contracts or payments with a total value of six hundred dollars (\$600.00) or more on a schedule to be determined by Defendants. If a student-athlete enters into multiple NIL agreements or receives multiple NIL payments from the same or substantially the same third parties including, by way of example, any affiliates or parties with common ownership, such activities must be disclosed if the aggregate value is at or above six hundred dollars (\$600.00).

AMENDED INJUNCTIVE RELIEF SETTLEMENT
Case Nos. 4:20-CV-03919

Section 5. Mandatory Member Institution Reporting. Each Conference Defendant Member Institution will be required to report each NIL contract or payment reported to the Conference Defendant Member Institution pursuant to Section 4 of this Article to the Designated Reporting Entity on a schedule to be determined by Defendants, with Class Counsel also to receive a copy of such reports. In addition, each Conference Defendant Member Institution also will be required to report to the Designated Reporting Entity pursuant to Section 4 of this Article, on a schedule to be determined by Defendants:

i. any exclusive or non-exclusive license and/or endorsement agreement between a Conference Defendant Member Institution and a student-athlete for a student-athlete's NIL, institutional brand promotion, or other rights including those in which a designee/subcontractor of the Conference Defendant Member Institution (e.g., a local rights holder) acts as an agent, facilitator, administrator, or in any other capacity for a Conference Defendant Member Institution whereby they are making payments to one or more student-athletes that originate from, are funded by, or are otherwise made on behalf of a Conference Defendant Member Institution; and,

ii. any other payments or personal benefits (as detailed in Article 3, Section 3, Subsection (d)) that are provided to a student-athlete or the family of a student-athlete by a Conference Defendant Member Institution.

Section 6. Non-Defendant Conference Member Institutions. All Non-Defendant Conference Member Institutions that choose to provide or facilitate payments or benefits to student-athletes as permitted by this Injunctive Relief Settlement including but not limited to incremental scholarships permitted by Article 3, Section 3(b), shall be bound to the same extent as Conference Defendant Member Institutions by all obligations, benefit limitations, and roster limits set forth in this Injunctive Relief Settlement and as set by the NCAA in Appendix B to the SSA.

BENEFITS POOL

Section 1. Benefits Pool. Current NCAA Division I and Conference Defendant rules will be modified consistent with this Article to permit the following payments and benefits to Division I student-athletes.

- (a) Each Member Institution will be permitted, but not required, to distribute, each Academic Year, additional payments and/or benefits to student-athletes over and above annual existing scholarships and all other benefits currently permitted by NCAA rules as of the date of the filing of the motion for final approval up to a certain amount (the "Pool").
 - (b) The Pool will begin in the first Academic Year after Final Approval of the SSA.
- (c) "Shared Revenue" for purposes of the Pool means, for each Member Institution, revenue categories 1, 7, 11, 12, 13, 13A, 15, and 19 from the MFRS as currently detailed in Appendix A of the NCAA 2024 Agreed-Upon Procedures (attached as Attachment 1), regardless of whether a Member Institution owns or has legal title to those revenues. For purposes of this Injunctive Relief Settlement, Category 1 ("Ticket Sales") shall include actual monetary revenues received by or for the benefit of Member Institutions for suite licenses exclusive of (a) any associated philanthropy (Category 8) and (b) the use of suites for any purposes not related to student athletic events (*e.g.*, concerts). If any changes are made to the required reporting of revenues in the NCAA Agreed Upon Procedures or the Membership Financial Reporting System, the Parties shall work in good faith to ensure accurate reporting of the revenue categories that are calculated to determine Shared Revenues and the Pool.
- (d) "Average Shared Revenue" for purposes of the Pool shall be calculated as follows. The Shared Revenue for all Conference Defendant Member Institutions, including Notre Dame, from the most recent Membership Financial Reporting System Reports available shall be added together. That total number will then be divided by the total number of Conference Defendant

Member Institutions plus Notre Dame. The resulting number will be the "Average Shared Revenue."

- (e) In the first year in which the Pool is implemented, the Pool shall be twenty-two percent (22%) of the Average Shared Revenue. The Pool will remain at 22% of Average Shared Revenue throughout the Term.
- (f) Except as set forth in subsection (h) below, the Average Shared Revenue will be recalculated as set forth in subparagraph (d) above every three (3) years. In the second and third years of each three-year period, the Average Shared Revenue shall increase by 4% over the previous year's amount, subject only to the two exceptions set forth in subsection (h), below.
- (g) Accordingly, over the Term, and subject to only the two exceptions set forth in subsection (h), below, the Pool shall be calculated as follows:

Year 1	22% of Average Shared Revenue based on the most recent Membership Financial Reporting System Reports available
Year 2	Year 1 amount x 1.04
Year 3	Year 2 amount x 1.04
Year 4	22% of Average Shared Revenue based on the most recent
	Membership Financial Reporting System Reports available
Year 5	Year 4 amount x 1.04
Year 6	Year 5 amount x 1.04
Year 7	22% of Average Shared Revenue based on the most recent
	Membership Financial Reporting System Reports available
Year 8	Year 7 amount x 1.04

Year 9	Year 8 amount x 1.04
Year 10	22% of Average Shared Revenue based on the most recent
	Membership Financial Reporting System Reports available

- (h) The two, and only two, exceptions to the procedures set forth in subsections (a)-(g) are as follows.
 - i. If, during the Term, any new broadcast agreement captured in the Media Rights MFRS Category (#11) has a specific contractual provision setting a year-over-year rights fee escalator greater than 4% that is not contingent on future events at the time of resetting the Pool, in the second and/or third years of each three-year period the average escalator across all of the broadcast agreements captured in Media Rights shall be used for that revenue category in the corresponding contract year(s) in lieu of the four percent (4%) growth rate for that revenue category, provided that, in no circumstances, shall the escalator for the Media Rights revenue category be less than four percent (4%) per year, consistent with Article 3, Section 1(f).
 - ii. Class Counsel shall have two (2) opportunities within the term of the Injunctive Relief Settlement to accelerate the re-calculation of the Pool based on the most recent Membership Financial Reporting System Reports available. If Class Counsel wishes to exercise their option, they must provide notice within thirty (30) days of receipt of the Membership Financial Reporting System Reports. A new three-year period shall commence in the first Academic Year after notice of exercise of the option, with the Pool amount increasing by four percent (4%) in the second and third years of such period. By way of example, if Class Counsel elected to exercise these options in Years 3 and 8 of the Settlement, the Pool would be calculated as follows over the Term:

Year 1	22% of Average Shared Revenue based on the most recent
	Membership Financial Reporting System Reports available
Year 2	Year 1 amount x 1.04
Year 3	22% of Average Shared Revenue based on the most recent
(RESET)	Membership Financial Reporting System Reports available
Year 4	Year 3 amount x 1.04
Year 5	Year 4 amount x 1.04
Year 6	22% of Average Shared Revenue based on the most recent
	Membership Financial Reporting System Reports available
Year 7	Year 6 amount x 1.04
Year 8	22% of Average Shared Revenue based on the most recent
(RESET)	Membership Financial Reporting System Reports available
Year 9	Year 8 amount x 1.04
Year 10	Year 9 amount x 1.04

(i) In the event that there is a nationwide force majeure event, such as the outbreak of a virus, which requires the cancellation of games or the playing of games without fans in attendance, the Parties shall negotiate in good faith as to whether a force majeure change in the Pool calculation is warranted.

Section 2. Institutional Decision-Making and Conference-Level Rules. Each of the Member Institutions, subject to any independently set conference-level rules or guidelines (*i.e.*, conference-level rules or guidelines imposed by a conference without agreement with the NCAA or any other conferences), shall unilaterally decide/determine whether and how much of any

Case 4:20-cv-03919-CW Document 719 Filed 03/03/25 Page 26 of 96

benefits newly permitted by this Injunctive Relief Settlement to provide to any individual Division

I student-athlete (up to the Pool amount).

Section 3. Counting Benefits Against the Pool. Any newly permitted amounts or

benefits provided to individual student-athletes by Member Institutions (directly, through an

exclusive or non-exclusive license between the student-athlete and the Member Institution (see

Article 2, Section 2), or otherwise)—shall count against the Pool except for proceeds from third-

party NIL sublicenses and arrangements as specified in subsection 3(c) of this Article. The

following provisions will govern the amounts of other new benefits that will count against the Pool

for the Member Institution providing such other benefits:

(a) Alston Awards. Alston academic and graduation incentive awards up to the annual

amount payable pursuant to the permanent injunction entered on March 8, 2019 in the matter

captioned In re: National Collegiate Athletic Association Athletic Grant-in-Aid Cap Antitrust

Litigation, Case No. 14-MD-2541 (N.D. Cal.) ("Alston case") (currently \$5,980 and as may be

adjusted in the future) ("Alston Awards") will count against the Pool; the amount of such Alston

Awards that will count against the Pool will be capped at two million five hundred thousand dollars

(\$2,500,000.00, the "Alston Cap") per Member Institution per year in recognition of institutions

that pay such awards to a larger number of student-athletes. In the event that the overall value of

the Pool has increased over the value of the Pool at the time of the immediately prior Pool

recalculation occurring after a three-year period (or earlier, on no more than two occasions, under

Article 3, Section 1(h)(ii)), the Alston Cap shall be increased for the following three-year period

by a proportional amount. There shall be no NCAA Division I limitation on how many students

at a school may be awarded an *Alston* Award. For the avoidance of doubt, nothing in this paragraph

requires a Member Institution to pay Alston Awards, but if the Member Institution chooses to do

so, this paragraph will govern how such awards are counted with regard to the Pool.

Case Nos. 4:20-CV-03919

Case 4:20-cv-03919-CW Document 719 Filed 03/03/25 Page 27 of 96

Article 4, Section 1), Member Institutions will have the option of making incremental athletic scholarships available to student-athletes above the number currently permitted by NCAA Division I rules for a particular sport, subject to the roster limits addressed in Article 4, Section 1. The full cost-of-attendance dollar value of any new or incremental athletic scholarships—that were not previously permitted by NCAA Division I rules—up to two million five hundred thousand dollars (\$2,500,000.00) ("the Athletic Scholarship Cap") will count against the Pool (again, in recognition of schools that award a greater number of athletic scholarships). For example, if a school is currently offering 9 scholarships in baseball, versus the 11.7 permitted, and post-Final Approval opts to award 15 scholarships in baseball, the number of new scholarships would be 3.3. Each Member Institution shall certify to the Designated Enforcement Entity whether and to what extent it has provided such new or incremental athletic scholarships. In the event that the overall value of the Pool has increased over the value of the Pool at the time of the immediately prior recalculation occurring after a three-year period (or earlier, on no more than two occasions, under

1, there shall be no NCAA Division I limitation on how many new athletic scholarships may be awarded by a school.

Article 3, Section 1(h)(ii)), the Athletic Scholarship Cap shall be increased for the following three-

year period by a proportional amount. Other than the roster limits discussed in Article 4, Section

(c) **Proceeds of Third-Party Arrangements.** If a Member Institution contracts with any individual student-athlete, directly or through a designee/subcontractor of the Member Institution (e.g., a local rights holder), to act as marketing agent for that student-athlete (as opposed to contracting with the student-athlete directly), third-party payments procured for the student-athlete shall not be counted against the Pool. If the Member Institution elects to sub-license to a

Case 4:20-cv-03919-CW Document 719 Filed 03/03/25 Page 28 of 96

third party any rights it has secured through a direct contract with any individual student-athlete,

the proceeds of third-party NIL licenses or sublicenses procured for the student-athlete by the

Member Institution or its designee/subcontractor for the student-athlete will not be counted against

the Pool, nor will any other third-party payments made directly to a student-athlete be counted

against the Pool.

(d) Other Personal Benefits. All payments to student-athletes (for NIL, institutional

brand promotion, or otherwise) and personal benefits (e.g., vehicles, travel expenses not permitted

as of the date of Preliminary Approval by NCAA Division I, and the like) that are provided to a

student-athlete or the family of a student-athlete by a Member Institution over and above the

payments and personal benefits permitted by the NCAA rules as of the day of Preliminary

Approval, shall be counted against the Pool. However, existing payments or benefits provided

through SAF or otherwise to student-athletes or other payments currently permitted by NCAA

Division I rules, including compensation or benefits related to education identified in Paragraph 2

of the Alston permanent injunction, dated March 8, 2019, shall not count against the Pool except

for Alston Awards up to the Alston Cap.

(e) *NCAA Payments/Benefits*. The value of any benefits or payments provided by the

NCAA itself directly to or for the benefit of student-athletes shall not count against the Pool.

Section 4. Existing Benefits/Payments. Nothing in this Injunctive Relief Settlement will

limit, nor shall it be read to limit, the amount of existing benefits or payments currently permitted

by NCAA Division I rules to be provided to student-athletes by any Member Institution (except as

provided above with respect to payments and benefits counting against the Pool) and Defendants

agree that during the Term (including any extension thereof) but subject to the terms of Article 4,

Section 3, the NCAA will not create any rules imposing new restrictions on such existing benefits.

5

AMENDED INJUNCTIVE RELIEF SETTLEMENT Case Nos. 4:20-CV-03919

This provision does not, however, limit any Member Institution's or any individual conference's ability, subject to Article 4 to independently elect to eliminate or reduce (a) any and all payments or benefits currently provided to student-athletes at that Member Institution or that conference's Member Institutions or (b) any payments or benefits that may be provided in the future. For avoidance of doubt, if a Non-Defendant Conference or a Non-Defendant Conference Member Institution agrees to provide to student-athletes additional benefits permitted by NCAA Division I rules prior to their modification as part of the Injunctive Relief Settlement (such as commencing *Alston* payments for the first time), that will not trigger any reporting requirements pursuant to Article 3, Section 5.

Section 5. Pool Payments/Benefits Reporting. Within sixty (60) days after the close of each Academic Year during the Term, Member Institutions shall provide information to the Conference Defendants, or in the case of Member Institutions in Non-Defendant Conferences, to the NCAA, sufficient to determine the total and types of payments/benefits the Member Institutions have provided to student-athletes, including but not limited to new and incremental scholarships and payments counting toward the *Alston* Cap, that have been counted against the Pool in accordance with this Injunctive Relief Settlement. Conference Defendants and the NCAA shall thereafter file a report with the Court and provide same to Class Counsel disclosing that information.

Section 6. Revenue Reporting & Audit Rights.

(a) Annual MFRS data shall be provided to Class Counsel (or such other individuals/entity as Class Counsel may designate, in writing, during the Term) no later than May 15 of each year of the Injunctive Settlement unless good cause exists for delay. Class Counsel shall have the right to reasonably audit such data in accordance with this Article 3, Section 6. The

Case 4:20-cv-03919-CW Document 719 Filed 03/03/25 Page 30 of 96

costs of any audit under this Article 6 shall be initially borne by Class Counsel, subject to Class

Counsel seeking reimbursement in accordance with the fee/cost provisions set forth in Paragraphs

27-30 of the SSA. The Parties agree that Defendants shall bear no liability for the accuracy or

completeness of information reported by the Member Institutions for inclusion in the MFRS data.

(b) Class Counsel shall have the right as part of their audit rights in the preceding

subsection to receive an accounting from an agreed-upon accounting firm of all revenue

categorized by the Member Institutions as Category 18 ("Other Operating Revenue") so as to

determine whether, in Class Counsel's opinion, any such reported revenue is more properly

reportable as one of the agreed-upon revenue categories and should therefore be included in the

Shared Revenue for purposes of the Pool. Any dispute arising over the proper treatment of such

revenues with respect to the Pool shall be resolved by the Court or a special master appointed by

the Court.

(c) Class Counsel shall also have the right to receive an accounting from an agreed-

upon accounting firm regarding whether any new broadcast agreement captured in MFRS

Category (#11) (Media Rights) has a specific contractual provision setting a year-over-year rights

fee escalator greater than 4% that is not contingent on future events such that the Pool growth rate

calculation for that revenue category is impacted, as described in Article 3, Section 1(h).

(d) The accounting firm shall also report on any changes in the definition of the revenue

categories of the MFRS Reports so as to allow Class Counsel the opportunity to confirm that there

has been no reclassification of the revenues currently included in the Pool calculation to excluded

revenue categories. If such reclassification occurs, the revenues shall be reallocated back to their

original categories (or otherwise included in the Pool calculation), with any dispute to be resolved

by the Court or a special master appointed by the Court.

17

AMENDED INJUNCTIVE RELIEF SETTLEMENT

Case Nos. 4:20-CV-03919

(e) Any disputes between Class Counsel and the Defendants as to the proper categorizations, reclassification, or reallocation of any revenue included in the Pool shall be submitted to the Court, or a special master appointed by the Court, for resolution, pursuant to Article 6, Section 1.

NCAA AND CONFERENCE RULES

Section 1. Elimination of NCAA Division I Scholarship Limits. All NCAA Division I athletic scholarship limits will be eliminated. The NCAA may adopt Division I roster limits which are subject to revision by the Defendants as permitted by this Injunctive Relief Settlement. Appendix B to the SSA sets forth the roster limits which the NCAA has currently chosen to adopt that apply to Member Institutions that choose to provide or facilitate payments or benefits to student-athletes as permitted by this Injunctive Relief Settlement, including but not limited to incremental scholarships permitted by Article 3, Section 3(b). All athletic scholarships will be equivalency awards. Defendants agree that any changes to NCAA Division I or conference rules on roster limits shall not result in the loss of an athletic scholarship for any then-current studentathlete receiving an athletic scholarship. Nor shall any change in roster limits result in a reduction in the current number of athletic scholarships permissible under current NCAA Division I rules in any sport. Member Institutions each maintain the right to unilaterally reduce the number of sports, the roster size, and/or the number of athletic scholarships available to student-athletes of any sport. Conferences each maintain the right to unilaterally reduce the number of sports Member Institutions within their respective conferences are required to offer, the number of sports sponsored by the conference, and/or the roster limits within their conference, subject to the limitations noted above that reductions in roster limits will not result in the loss of athletic scholarships for then-current student-athletes and that any change in roster limits shall not result in a reduction in the current number of athletic scholarships permissible under current NCAA Division I rules in any sport.

Section 2. Existing NCAA Compensation Rules. Except to the extent that modification or elimination is required by the terms of this Injunctive Relief Settlement, the NCAA's and conferences' existing rules limiting the amount of compensation and benefits to Division I student-

athletes may remain in effect. The Parties shall request that the Court approve all existing NCAA rules regarding compensation and benefits that may or may not be provided by Division I

conferences or schools to student-athletes, revised as necessary to conform to the terms of this

Injunctive Relief Settlement.

Section 3. New NCAA and Conference Rules. The NCAA and the Conference

Defendants may continue, and pass new rules further clarifying and implementing, their existing

prohibitions related to NIL transactions involving Associated Entities or Individuals. Such

clarifying rule changes may include specifying that the NCAA and/or the Conference Defendants

prohibit NIL payments by Associated Entities or Individuals (individually or collectively) to

current or prospective student-athletes unless the license/payment is for a valid business purpose

related to the promotion or endorsement of goods or services provided to the general public for

profit, with compensation at rates and terms commensurate with compensation paid to similarly

situated individuals with comparable NIL value who are not current or prospective student-athletes

at the Member Institution.

The NCAA and the Conference Defendants may likewise adopt or affirm the following

additional rules before or in conjunction with Final Approval of this Injunctive Relief Settlement:

(a) NCAA and conference rules governing the number of seasons/length of time

student-athletes are eligible to receive benefits, including scholarships and payments, pursuant to

this Injunctive Relief Settlement, including any rule capping the number of years a student-athlete

may receive payments at four years, and providing that all four of those years must be played

within a consecutive five-year period (with the exception that in the event of a national force

majeure event that leads to the cancellation of games, or the absence of fans, the rules may provide

for an additional year to be added onto the five-year period);

20

AMENDED INJUNCTIVE RELIEF SETTLEMENT Case Nos. 4:20-CV-03919

- (b) NCAA and conference rules requiring that student-athletes continue to make progress toward a degree while enrolled in any Member Institution in order to receive benefits pursuant to this Injunctive Relief Settlement;
- (c) NCAA and conference rules, subject to Class Counsel's review and approval that shall not be unreasonably withheld, permitting student-athletes the ability to seek guidance from the Designated Enforcement Entity prior to entering into a proposed NIL contract or agreement as to whether said contract may constitute a violation of the NCAA rules affirmed, revised, or created pursuant to this Injunctive Relief Settlement;
- (d) NCAA and conference rules, subject to Class Counsel's review and approval that shall not be unreasonably withheld, permitting a student-athlete to retain or regain eligibility by both (a) rescinding or modifying any agreement determined to be non-compliant with the NCAA rules affirmed, revised, or created pursuant to this Injunctive Relief Settlement and (b) returning, as necessary, any compensation or consideration received pursuant to a non-compliant agreement, in order to expunge any violation of the NCAA rules affirmed, revised, or created pursuant to this Injunctive Relief Settlement. The purpose and intent of such rule is to ensure that student-athletes have the ability to terminate and/or modify a proposed/executed NIL contract or agreement rather than risk their eligibility; and
- (e) NCAA and conference rules addressing circumvention subject to the procedures set forth in Article 6, Section 3.

PROHIBITED AGREEMENTS

Section 1. Prohibited Collusive Agreements. Conference Defendants or their Member Institutions (except as provided below with respect to conference rules) shall be prohibited from entering into agreements with each other, or with the NCAA, to limit or restrict the amount of benefits that they individually choose to provide to student-athletes at levels below those permitted by the terms of this Injunctive Relief Settlement, other than in the event that a change in law or circumstances permits collective bargaining to take place. In the event that a change in law or circumstances permits collective bargaining to take place, this Article 5, Section 1 shall not apply to prohibit any bona fide collective bargaining activities of the NCAA, Conference Defendants, and Member Institutions but shall otherwise remain in full force and effect. Subject to Article 10, Section 5, a violation of this provision shall be remedied by an award of appropriate damages and equitable relief solely against the involved Member Institutions, conferences, or NCAA, as determined by the Court or a special master appointed by the Court. Notwithstanding the foregoing, individual conferences (acting through their Member Institutions) shall be permitted to adopt and enforce rules applicable to their Member Institutions regarding benefits provided or not provided to student-athletes. Class Counsel may bring an action to enforce the terms of this provision to seek damages and equitable relief on behalf of any number of Injunctive Class members. For the avoidance of doubt, nothing in the SSA or this Injunctive Relief Settlement, or NCAA or conference rules permitted or approved by the Injunctive Relief Settlement, shall be deemed to be a collusive agreement in violation of this provision.

ENFORCEMENT

Section 1. Enforcement of Injunctive Relief Settlement.

- (a) Any disputes involving any or all of the Defendants on one side and any Injunctive Class Members on the other side concerning the interpretation or enforcement of this Injunctive Relief Settlement shall, if they cannot be resolved by negotiation and agreement, be submitted to the Court. For the avoidance of doubt, any disputes regarding enforcement of NCAA or conference rules against student-athletes or Member Institutions that are subject to this Injunctive Relief Settlement, including but not limited to questions of eligibility, shall be governed by Section 2 of this Article.
- (b) The Court shall retain jurisdiction to resolve all disputes that may arise concerning compliance with, the validity of, interpretation or enforcement of the terms and conditions of this Injunctive Relief Settlement, including through appointment of a special master whose decisions shall be appealable to the Court unless the Parties agree in a particular dispute that the special master's ruling shall be final without further appeal. Absent any such agreement as to a particular dispute, the Parties reserve all appeal rights with respect to special master or Court determinations concerning the interpretation or enforcement of this Injunctive Relief Settlement.
- (c) All claims set forth in subsection (b), immediately above, asserted on behalf of student-athletes shall be prosecuted exclusively by Class Counsel except as provided herein, and Class Counsel has the authority to exclusively monitor and enforce this Injunctive Relief Settlement on behalf of Injunctive Class Members throughout the Term as provided herein.

Section 2. Enforcement Authority and Arbitration Process for Enforcement of NCAA/Conference Rules Implementing This Injunctive Relief Settlement

(a) Any one or more of the NCAA, Conference Defendants, and Non-Defendant Conferences shall be permitted to (i) adopt rules and procedures consistent with and to enforce this

Injunctive Relief Settlement, (ii) require submission of information and documentation from student-athletes and Member Institutions to the NCAA or conferences or designated third parties, and (iii) enforce (including through the Designated Enforcement Entity) NCAA and conference rules implementing the terms of this Injunctive Settlement including rules to be promulgated pursuant to Article 4, by, among other penalties, declaring student-athletes ineligible for competition and/or by reducing distributions to Member Institutions that violate the terms and limitations set forth in this Injunctive Relief Settlement and/or the new or modified NCAA and conference rules.

- (b) Prior to the entry of Final Approval, Class Counsel and Defendants shall meet and confer to select neutral arbitrators, whose decisions shall, to the fullest extent permitted by applicable law, be final and binding on the parties to the arbitration, to arbitrate any and all disputes regarding any discipline imposed pursuant to subsection (a) immediately above or any rule(s) promulgated pursuant to Article 4, Section 3. If an arbitrator is terminated by agreement of Class Counsel and Defendants or by the Court, she or he will continue to hear any disputes already pending before the arbitrator but may not hear any new disputes. Class Counsel and Defendants shall promptly agree upon a replacement arbitrator, whenever required. If Class Counsel and Defendants cannot agree on a replacement arbitrator within ten (10) days, they will choose the arbitrator under the alternate striking method from a list of ten (10) non-conflicted arbitrators to be provided by JAMS from its panel of neutral arbitrators in its Sports Law Practice Group.
- (c) Arbitrators appointed pursuant to the preceding subsection shall serve a term of three (3) years, unless terminated earlier by agreement of Class Counsel and Defendants (or by the Court) through a written notification. A Member Institution that contests the imposition of discipline on itself or its student-athlete(s), including by directly or indirectly paying the attorneys' fees and costs of such student-athletes(s), pursuant to subsection (a) shall pay the arbitrator's reasonable fees and expenses for proceedings relating to the penalties being challenged. Student-

Case 4:20-cv-03919-CW Document 719 Filed 03/03/25 Page 38 of 96

athletes contesting any discipline shall not be charged any arbitration fees or expenses regardless

of whether a Member Institution contests the imposition of discipline.

(d) All arbitrations under this Section 2 shall be completed on an expedited basis, but

in no more than forty-five (45) days after commencement of proceedings unless the arbitrator finds

good cause for having a longer schedule. During the pendency of an arbitration, any enforcement

of any discipline imposed in connection with the violation that is subject to the arbitration shall be

stayed; provided, however, that the arbitrator shall have the ability to lift any such stay for good

cause shown. The decision of the arbitrator shall be final and binding to the fullest extent permitted

by applicable law. The arbitrator may, in an appropriate case, order the production of documents

that are determined to be necessary for a fair adjudication of the dispute. Witnesses may be called

at the arbitration and the parties may be represented by counsel of their choice at their own expense.

The arbitrator shall promptly issue a written award embodying his or her decision. Defendants

may agree with Class Counsel upon procedural rules governing the arbitration process, provided

that all arbitration rules must be consistent with this Section 2 and must apply uniformly to all

student-athletes and all Member Institutions that choose to provide or facilitate payments or

benefits to student-athletes as permitted by this Injunctive Relief Settlement, including but not

limited to incremental scholarships permitted by Article 3, Section 3(b).

(e) If student-athletes seek to challenge any discipline imposed on them in connection

with the terms of this Injunctive Relief Settlement, they shall be required to engage in the

arbitration process set forth in this Section 2. If Member Institutions seek to challenge any

discipline imposed on them or their student-athletes in connection with the terms of this Injunctive

Relief Settlement, they shall be required to engage in the arbitration process set forth in this Section

2, to the extent such an arbitration requirement is consistent with the state law of the institution

involved in the dispute.

25

AMENDED INJUNCTIVE RELIEF SETTLEMENT Case Nos. 4:20-CV-03919

(f) Student-athletes will have the right to be represented by counsel of their choosing in any such arbitration regarding the Injunctive Class Member's individual interests. Class Counsel shall promptly receive copies of all decisions by the arbitrator.

Section 3. NCAA or Conference Rules Relating to Circumvention. The Defendants may adopt rules that prohibit any transaction, payment, or agreement designed to defeat or circumvent, and with the effect of defeating or circumventing, the intention of the Parties as reflected in the terms of this Injunctive Relief Settlement. Class Counsel shall receive notice of any such new rules to prevent circumvention and shall have thirty (30) days to file an objection to such rules with the Court or a special master appointed by the Court. In the event of such an objection, the proposed circumvention rule(s) shall be stayed for four (4) months pending judicial resolution. Upon receiving an objection from Class Counsel, Defendants shall reasonably cooperate with requests for documents in the possession of Defendants sufficient to show the reasons for adopting the rule, the deliberations on the rule, and any committee reports or minutes of meetings relating to the rule, and shall produce those documents to Class Counsel as soon as reasonably possible, but in no event later than two (2) weeks from the date of the objection. For the avoidance of doubt, the procedure set forth in this Article 6, Section 3, shall apply only to circumvention rules. If a circumvention rule is adopted and then enforced against any Member Institution or student-athlete, such discipline may be appealed by the student-athlete or Member Institution pursuant to the arbitration procedure set forth in Article 6, Section 2. Class Counsel may file an amicus brief and present argument in such a proceeding upon a determination by the arbitrator, or if Class Counsel believes, that the interests of the Injunctive Class may be adversely impacted by the outcome of the proceeding or that the circumvention arguments being presented are inconsistent with the terms of the Injunctive Relief Settlement; provided, however, that Class Counsel may seek reimbursement of fees and costs, in accordance with Paragraph 27 of the SSA, relating to its participation in no more than two (2) such arbitrations in an Academic Year.

ARTICLE 7

LEGISLATION & ALTERNATIVE STRUCTURES

Section 1. Legislation. Class Counsel will use reasonable efforts to support the portions of any proposed federal or state legislation implementing/codifying this Injunctive Relief Settlement, including reasonably cooperating to support antitrust immunity for conduct undertaken by Defendants in compliance with or to implement the terms of this Injunctive Relief Settlement during the Term or any court-approved extension thereof, and preemption of any state law existing before or as of the date of Final Approval in conflict with this Injunctive Relief Settlement. Class Counsel will not oppose, advocate against, lobby in any way against, or otherwise attempt or seek to undermine legislation implementing/codifying this Injunctive Relief Settlement. Class Counsel further agree, during the Term, to take no position and thus be neutral on any proposed, pending, or future local (e.g., city/county), state, or federal legislation provisions which would provide student-athletes with benefits in addition to those permitted by this Injunctive Relief Settlement. Class Counsel will also take no position, and thus be neutral, in all instances and in all forums and venues, on the issue of whether student-athletes should be considered/deemed "employees" or whether collective bargaining should be permitted for compensation of student-athletes. However, if such collective bargaining for student-athletes is permitted in the future, Class Counsel shall not be precluded from representing any organization engaged in such collective bargaining, including in support of such bargaining activities.

Section 2. Alternative Structures. Nothing in this Injunctive Relief Settlement shall limit or interfere with the ability of student-athletes and Defendants or Defendants' Member Institutions and Non-Defendant Conferences or Non-Defendant Conference Member Institutions to explore and implement alternative structures for providing benefits to student-athletes, including but not limited to collective bargaining in the event that a change in law or circumstances permits such collective bargaining to take place. In such a circumstance, the benefits permitted under this Injunctive Relief Settlement may be made part of any collectively bargained compensation

package or alternative structure, subject to the negotiations of the relevant parties and all applicable laws, and this Injunctive Relief Settlement shall not preclude the parties to such bargaining from agreeing upon additional, expanded or different benefits than those permitted by this Injunctive Relief Settlement. Relatedly, if some or all student-athletes are characterized as and/or definitively determined to have employee status under state or federal law and any Defendant or Releasee is required to pay any monies/provide any benefits to student-athletes, or student-athletes otherwise receive benefits as a result, beyond the monies and benefits provided in this Injunctive Relief Settlement, the Defendants shall have the option, but not the obligation, to seek to terminate or modify the injunction contemplated by this Injunctive Relief Settlement or the terms of this Injunctive Relief Settlement (with all releases of Released Claims remaining valid and no claims accruing during the period of the effectiveness of the injunction), but with Class Counsel reserving their rights to oppose any such termination or modification of the injunction contemplated by this Injunctive Relief Settlement.

ARTICLE 8

NAME, IMAGE & LIKENESS

Section 1. Broadcast & Promotional NIL

- (a) Plaintiffs and the Injunctive Classes do not and will not contest during the Term the rights asserted by the Defendants and their Member Institutions, and entities to which rights to broadcast and otherwise distribute audio and video of collegiate games and other competitive collegiate athletic events are licensed by the Defendants and their Member Institutions, to (i) telecast, broadcast, or otherwise distribute or transmit, on a live, delayed, and/or archived basis, in any and all media now known or hereafter developed, any and all college games and competitive events, including clips and highlights thereof, (ii) produce, license, offer for sale, sell, market, or otherwise distribute or transmit on a live, delayed, and/or archived basis, broadcasts and other electronic or digital distributions of any such collegiate athletic games or competitive athletic events, and clips and highlights thereof, in any and all media now known or hereafter developed, including, but not limited to electronic or digital media, and (iii) use, employ, or otherwise transmit or publish student-athletes' NIL for the purpose of promoting the telecasts, broadcasts, and other electronic or digital distributions of games and competitive events, including distribution of clips and highlights thereof, as referenced in this paragraph.
- (b) Nothing herein shall be construed to confer, during or after the Term, any right or authority to use a student-athlete's name, image or likeness in a manner that constitutes an endorsement by that student-athlete of a third-party brand, product, or service ("Endorsement") other than in connection with promotion of games or events that have title sponsors (by way of example only, events such as the "Allstate Sugar Bowl" or the "Las Vegas Bowl presented by GEICO"), including games or events that are organized by or affiliated with a conference with a title sponsor. Nothing herein shall be construed to grant any publicity rights for use in licensed consumer products, whether traditional or digital (e.g., video games, trading cards, apparel). For

purposes of clarity, and without limitation, it shall not be an Endorsement to use, or authorize others to use, including without limitation, in third-party advertising and promotional materials, footage and photographs of a student-athlete's participation in college athletic games or competitive athletic events (including clips and highlights thereof) as long as the clips and highlights do not prominently feature an individual student-athlete in connection with a third party product or service, other than in connection with promotion of games or events that have title sponsors or are organized by or affiliated with a conference with a title sponsor as described in this section.

Section 2. Broadcast NIL Reservation. The Parties reserve all rights as to the existence, or non-existence, of broadcast name-image-and-likeness ("BNIL") rights (including the use of a person's NIL in or in connection with a broadcast, telecast or other media distribution or transmission, including, without limitation, all forms of television, radio, telephone, internet, and any other communications media, forms of reproduction and other technologies, whether presently existing or not, anywhere in the world, whether live or on any form of delay, including, without limitation, network, local, cable, direct broadcast satellite, and any form of pay television, and all other means of distribution and exploitation, whether presently existing or not and whether now known or hereafter developed). To the extent that any court of competent jurisdiction determines and/or to the extent that any relevant legislative body passes a law providing that student-athletes have such rights, then the Defendants and their Member Institutions, and entities to which rights to broadcast and otherwise distribute college athletic games and competitive athletic event are licensed by the Defendants and their Member Institutions, shall be deemed to have been granted a license to exercise all rights enumerated in Article 8, Section 1, subject to the limitations set forth in that section, for the duration of the Term.

ARTICLE 9

TERM

Section 1. Term. The term of this Injunctive Relief Settlement shall be ten (10) Academic Years after the date of Final Approval of the SSA by the Court.

Section 2. Potential Extension. The Parties will negotiate in good faith, prior to the conclusion of the Term, as to whether to jointly seek an extension of the Term upon its expiration on terms to be agreed upon and approved by the Court, after notice and an opportunity to object by the members of the Injunctive Relief Settlement Class.

Section 3. Mutual Reservation of Rights. Upon the expiration or termination of this Injunctive Settlement, the Parties shall be free to make any available argument that any conduct occurring after the expiration or termination of this Injunctive Settlement is or is not then a violation of the antitrust laws or any other laws.

ARTICLE 10

MISCELLANEOUS

Section 1. Conflicts. The provisions of this Injunctive Relief Settlement supersede any conflicting provisions in any rule or policy, or any other document, adopted by Defendants or any of their Member Institutions, affecting the matters addressed herein.

Section 2. Implementation. The Parties will use their best efforts to faithfully carry out the terms and conditions of this Injunctive Relief Settlement.

Section 3. Time Periods. The specification of any time period in this Injunctive Relief Settlement shall include any non-business days within such period, except that any deadline falling on a Saturday, Sunday, or Federal Holiday shall be deemed to fall on the following business day.

Section 4. Delivery of Documents. The Parties, shall, upon the request of any Party hereto, execute and deliver such further documents and instruments to take such further steps as are reasonably necessary and appropriate to implement and effectuate the purposes of this Injunctive Relief Settlement.

Section 5. Eleventh Amendment and Sovereign Immunity. Plaintiffs acknowledge that Defendants do not have the authority to waive or compromise any immunity or protection of any Member Institution pursuant to the Eleventh Amendment to the United States Constitution or any other applicable provisions of the law of the state in which the Member Institution is located. Notwithstanding the above, Plaintiffs and Class Counsel reserve their rights as to whether sovereign immunity has any application to this Injunctive Relief Settlement.

Section 6. Compliance with Protective Order. All filings submitted to the Court or a special master appointed by the Court relating to or in connection with this Injunctive Relief Settlement shall comply with the protective order entered in the Action (ECF 136), which shall remain in full force and effect for the duration of the Term.

INTRODUCTION

NCAA constitution, Article 2(D)(1)(c) states that all members of the NCAA must submit annually its financial data as determined by the division detailing operating revenues, expenses and capital relating to the intercollegiate athletics program.

Division I:

As mandated under the provisions of NCAA Bylaw 20.2.4.17, NCAA Division I member institutions are required to submit financial data detailing operating revenues, expenses, and capital related to its intercollegiate athletics program to the NCAA on an annual basis. This financial data is subject to agreed-upon procedures performed by a qualified independent accountant and must be presented to the president or chancellor prior to submission to the NCAA via the Membership Financial Reporting System, Bylaw 20.2.4.17.1.

Division II:

As mandated under Bylaw 7.3.1.5.22.1, at least once every three years, NCAA Division II member institutions are required to perform an expenses and revenues review related to its intercollegiate athletics programs which is subject to the agreed-upon procedures. The expenses and revenues review shall be performed by a qualified independent accountant and must be presented to the president or chancellor.

In addition, per the NCAA Constitution Article 2(D)(1)(c), institutions are required to submit financial data annually to the NCAA via the Membership Financial Reporting System. The data collected will be stored within the Institutional Performance Program (IPP) for comparison and reporting purposes.

Division III:

Division III members are provided with two methods in which to meet the constitutional requirement of Article 2(D)(1)(c).

- 1. Division III institutions can submit financial data annually to the NCAA via the Membership Financial Reporting System for Institutional Performance Program (IPP) purposes. Per the regular financial audit requirements, revenue and expenditures associated with outside groups or individuals shall be included in this audit.
- 2. Division III institutions can submit the EADA Certificate of Completion to the NCAA via the Membership Financial Reporting System.

The NCAA may use the data collected through the Membership Financial Reporting System to support its research efforts. The NCAA will maintain its policy of not releasing information submitted by individual institutions; only the aggregate results by NCAA division will be made available to membership.

BACKGROUND INFORMATION

1. NCAA LEGISLATION

The NCAA agreed-upon procedure reporting legislation for each of the three membership divisions are contained in each division's manual:

a. Division I

Bylaw 20.2.4.17. "An active member institution shall submit financial data detailing operating revenues, expenses and capital related to its intercollegiate athletics program to the NCAA on an annual basis in accordance with the financial reporting policies and procedures. The required data shall include, but is not limited to, the following:

- (a) All expenses and revenues for or on behalf of an institution's intercollegiate athletics program, including those by any affiliated or outside organization, agency or group of individuals;
- (b) Salary and benefits data for all athletics positions. The data shall include base salary, bonuses, endorsements, media fees, camp or clinic income, deferred income and other income contractually guaranteed by the institution;
- (c) Capital expenditures (to be reported in aggregate for athletics facilities), including capitalized additions and deletions to facilities during the reporting period, total estimated book value of athletically related plant and equipment net of depreciation, total annual debt service on athletics and university facilities and total debt outstanding on athletics and university facilities;
- (d) Value of endowments at fiscal year-end that are dedicated to the sole support of athletics;
- (e) Value of all pledges at fiscal year-end that support athletics; and
- (f) The athletics department fiscal year-end fund balance."

Bylaw 20.2.4.17.1. "The report shall be subject to annual agreed-on verification procedures approved by the membership (in addition to any regular financial reporting policies and procedures of the institution) and conducted by a qualified independent accountant who is not a staff member of the institution and who is selected by the institution's chancellor or president or by an institutional administrator from outside the athletics department designated by the chancellor or president. The independent accountant shall verify the accuracy and completeness of the data prior to submission to the institution's chancellor or president and the NCAA. The institution's chancellor or president shall certify the financial report prior to submission to the NCAA."

b. Division II

Bylaw 7.3.1.5.22.1. "At least once every three years, all expenses and revenues for or on behalf of a Division II member institution's intercollegiate athletics programs, including those by any affiliated or outside organization, agency or group of individuals (two or more), shall be subject to agreed-on procedures approved by the Division II membership (in addition to any regular financial reporting policies and procedures of the institution) conducted for the institution by a qualified independent accountant who is not a staff member of the institution and who is selected either by the institution's president or chancellor or by an institutional administrator from outside the athletics department designated by the president or chancellor. If, within the last three years, the institution has conducted an overall institutional audit that includes a financial audit of all athletics department funds using the agreed upon procedures, then the institution is not required to perform a separate financial audit of all athletics department expenditures. An institution is not required to use the agreed upon procedures in years outside the once in every three-year cycle."

Bylaw 7.3.1.5.22.1.1. "The report created pursuant to the approved procedures shall be completed and presented to the president or chancellor on or before January 15 after the end of the institution's fiscal year."

Effective August 1, 2025. Bylaw 7.3.1.5.23 "Financial Data Requirement, an active member institution that fails to submit its financial data per NCAA Article 2-D-1-c by the applicable deadline, in a format approved and administered by the Membership Committee, shall forfeit Division II Institutional Equal Distribution Funds for the following academic year."

Effective August 1, 2025. Bylaw 7.3.1.5.23.1 "The Membership Committee may waive the requirement of Bylaw 7.3.1.5.23 if it deems that unusual circumstances warrant such action. The decision of the Membership Committee shall be considered final."

c. Division III

Bylaw 20.14.5.3. "All expenditures and revenue for or on behalf of a Division III member institution's intercollegiate athletics programs shall be subject to the institution's regular financial audit. In particular, additional revenue and expenditures associated with outside groups or individuals shall be included in this audit."

2. INTERPRETATIONS

a. Objectives of Agreed-Upon Procedures

The institution's agreed-upon procedures report shall be presented to the president or chancellor by the independent accountant. The report's primary purpose is to ensure that the president or chancellor is made aware of all financial activity (both internal and external) for athletics purposes and to assist the institution in exercising control over financial activity made by or on behalf of the intercollegiate

athletics program. The report should not be filed with the NCAA national office. However, should information supplied as a result of this initiative raise questions or prompt concerns about the proper application of NCAA legislation, an institution's president or chancellor may wish to contact the NCAA administrative services staff for assistance.

The report's secondary purpose is to ensure the accuracy of the data the institution is submitting for sports sponsorship, Pell grants and grants-in-aid, which determines the calculation of several Division I NCAA Revenue Distributions.

The agreed-upon procedures scope of work shall include the reporting of revenue and expenses required in NCAA financial reporting information. The definitions used in the agreed-upon procedures provide a consistent means of reporting intercollegiate athletics finances and will provide the presidents or chancellors and other campus decision makers of our member institutions with empirical data to assist them in making their formal decisions.

Data available for the agreed-upon procedures may vary among institutions as a result of differences in athletics programs' organizational structure, financial resources and accounting and budgetary methods. Information that may prove particularly useful (depending on circumstances noted above) to institutions in evaluating the level of institutional control includes:

- (1) A comparison of actual revenues and expenses related to the intercollegiate athletics program as defined on pages 17-26 (from both internal and external sources) to amounts budgeted;
- (2) The nature of institutional internal controls that affect operations of the intercollegiate athletics program, and
- (3) The relationship of expenses for or on behalf of intercollegiate athletics by affiliated and outside organizations (e.g., booster groups, alumni organizations, independent or affiliated foundations, supporting organizations) to institutional expenses for similar purposes and the nature of internal controls in place to monitor the financial activities of such affiliated and outside organizations.
 - 1. Affiliated Organization: An organization that, directly or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with an organization (in this case the institution and/or intercollegiate athletics).
 - 2. Supporting Organization: An organization that provides supporting activities, such as management and general activities, fundraising activities or membership development activities, to a not-for-profit organization (in this case a not-for-profit institution

and/or intercollegiate athletics).

The financial information, the existence and appropriateness of the institution's internal controls are the responsibility of the institution. Independent accountants, through the application of agreed-upon procedures, should not provide an opinion or assurance on the reliability of financial information generated by the institution, the existence and functioning of appropriate internal controls. The agreed-upon procedures report presents the findings of the agreed-upon procedures performed by the independent accountant. An understanding of this distinction in role and responsibility is crucial to the president or chancellor's effective use of the information provided as part of the agreed-upon procedures performed.

The NCAA has developed the agreed-upon procedures set forth in this document with the assistance of the National Association of College and University Business Officers (NACUBO) and Association of College and University Auditors (ACUA). These procedures seek to provide flexibility in complying with the provision of Bylaw 20.2.4.17. At a minimum, the institution's president or chancellor should seek information considered consistent with the legislation's purpose and the requirements of professional auditing literature, recognizing reasonable cost and benefit considerations.

An institution's president or chancellor also may request additional information from the institution's athletics department, affiliates and outside groups, as well as the performance of additional agreed-upon procedures in agreement with the independent accountants. Each institution's president or chancellor should consider carefully what approach best serves the institution's needs in evaluating institutional control. The president or chancellor may include a formal assessment of internal controls over intercollegiate athletics programs financial processes.

The independent accountants will not review or include in their reports information concerning the institution's compliance with NCAA legislation. Responsibility for assuring compliance with NCAA legislation is the ultimate responsibility of the institution's president or chancellor, and the information provided as part of the agreed-upon procedures report is intended to assist president or chancellors in their efforts to assure institutional compliance.

While the detection of improper application of NCAA legislation is not the primary function of these procedures, the independent accountants should be alert nonetheless for situations or transactions that may indicate the existence of such conditions. If, during the course of executing the procedures, the independent accountant becomes aware of acts that may indicate a violation of NCAA legislation, the independent accountant shall immediately report the violation to the institution's president or chancellor.

b. Organization of Intercollegiate Athletics Programs

Intercollegiate athletics programs vary significantly in scope and complexity

among institutions. Financial reporting procedures and controls also vary. For example, some institutions clearly have segregated intercollegiate athletics from other institutional athletics programs and physical education while at other institutions, these activities are integrated with the institution's administrative structure and accounting records.

Likewise, the extent to which institutions receive cash or in-kind contributions from affiliated and outside organizations and the method by which such contributions from affiliated and outside organizations are included in the institution's athletics department's financial statements vary considerably. Institutional accounting practices also differ in areas such as indirect facilities and administrative support, grants-in-aid costs and student-activity fees. Institutions and their independent accountants should be aware of these differences among programs and recognize that NCAA legislation does not mandate particular organizational structure or specific budgetary approaches.

For purposes of these procedures, as applicable, the independent accountant (or, in Division III, the institution's accountant) shall include certain financial information of the following organizations, agencies and groups within the agreed-upon procedures:

- (1) Booster organizations established by or on behalf of an intercollegiate athletics program. For the purposes of this legislation, a booster group may be defined as any organization that has as its principal, or one of their principal purposes, the generating of moneys, goods or services for or on behalf of an intercollegiate athletics program, or the promotion of said program through other means;
- (2) Independent or affiliated foundations or other organizations that have as a principal, or one of their principal purposes, the generating or maintaining of grants-in-aid or scholarship funds, gifts, endowments, or other moneys, goods or services to be used primarily by the intercollegiate athletics program, and
- (3) Alumni organizations that have as a principal, or one of their principal purposes, the generating of moneys, goods or services for or on behalf of an intercollegiate athletics program and that contribute moneys, goods or services directly to an intercollegiate athletics program, booster group, or independent or affiliated foundation as previously noted.

The Independent Accountant c.

In Divisions I and II, the agreed-upon procedures report is required to be conducted by an independent accountant who is not an institutional staff member. This requirement is not intended to question the ability or integrity of institutional accountants or auditors, but rather to emphasize that this is a separate procedure for specific NCAA compliance purposes and to further protect the institution from inferences that the agreed-upon procedures were not objective. In Division III, an independent accountant is not required.

For the purposes of this legislation in Divisions I and II, an individual employed by the state (or by a state university system) to perform audits for that state's colleges and universities (or for the colleges and universities within a state university system) is considered to be an independent accountant, provided the individual is not a regular employee of the institution. The procedures undertaken by state auditors in the performance of their duties should meet the minimum standards set forth in these agreed-upon procedures applicable to the revenues and expenses of all independent booster or support organizations. If state auditors are unable to perform those procedures, the president or chancellor is required to engage an independent accountant to satisfy these procedures. The approach required by the independent accountant to satisfy these procedures will depend on the scope of the state auditors work and the ability and willingness of the independent accountant to rely on the work performed by the state auditors.

Work performed by internal auditors at Division I and II institutions, even though their responsibility includes an annual financial audit for the entire institution (including intercollegiate athletics and institution-controlled affiliated or outside organizations), would not meet the requirements of this legislation. Internal auditors may prepare schedules and accumulate data or provide other information for the practitioner's use in performing the agreed-upon procedures. Accordingly, independent accountants may use work performed by internal auditors. However, it would be inappropriate for the independent accountant to agree to merely read the internal auditors' report solely to describe or repeat the findings, take responsibility for all or a portion of any procedures performed by the internal auditors by reporting those findings as the practitioner's own, or report in any manner that implies shared responsibility for the procedures with the internal auditors.

AGREED-UPON PROCEDURES

Depending on the institution's existing level of agreed-upon procedures and the organizational structure of the institution's intercollegiate athletics programs and related affiliated or outside organizations, there are several approaches that the independent accountant may use to comply with the agreed-upon procedure requirements for Division I and II institutions. [Note: In Division III, the completion of the institution's regular financial audit shall satisfy the requirements of Bylaw 20.14.5.3, provided that all expenditures and revenue for or on behalf of a Division III member institution's intercollegiate athletics programs shall be subject to the institution's regular financial audit. In particular, additional revenue and expenditures associated with outside groups or individuals shall be included in this audit.]

Work performed by an independent auditor as part of a Division I or II institution-wide financial audit would comply with the terms of this legislation if the work performed by the independent auditor relative to the institution's department of intercollegiate athletics conforms to the requirements set forth in the section entitled "Minimum Agreed-Upon Procedures." In using this approach, the independent auditor shall also conduct certain minimum agreed-upon procedures related to the revenues and expenses of affiliated and outside organizations that are not under the accounting control of the institution. See the "Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations" section for details. Affiliated and outside organizations (e.g., booster clubs, affiliated foundations and alumni groups) are considered to be under the accounting control of the institution when all activities of the organization (including revenues and expenses) are recorded on the books and records of the institution and are subject to the internal control structure. Alternatively, where an institution-wide agreed-upon procedure has been performed, the president or chancellor may elect to comply with these agreed-upon procedures by engaging the independent auditor to perform separate agreed-upon procedures as discussed in the next paragraph.

In the event that an institution-wide independent audit has not been conducted, or the athletics department functions as a separate legal or accounting entity (e.g., a separately incorporated athletics foundation), a Division I or II institution would comply with the terms of this legislation by engaging an independent accountant to perform these agreed-upon procedures on the statement. To the extent that activities of affiliated and outside organizations are under the accounting control of the institution, those revenues and expenses shall be included in the statement that the independent accountant applies these agreed-upon procedures against. Otherwise, activities of affiliated and outside organizations shall be subject to minimum agreed-upon procedures as set forth in the section entitled "Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations."

This section describes the minimum level of procedures considered to be necessary to achieve the objectives of this legislation.

1. Athletics Department Statement of Revenues and Expenses

To provide adequate information for the independent accountant to execute these agreed-upon procedures, the institution must prepare the statement. The statement reports the revenues and expenses of the intercollegiate athletics programs as recorded on the general ledger of the institution. Please note that expenses on behalf of an institution's athletics programs by affiliated and outside organizations not under the accounting control of the institution shall be included in the statement and subject to the agreed-upon procedures set forth in the section entitled "Minimum Agreed-Upon Procedures for Affiliated and Outside Organizations."

Factors that influence the classification of revenues, expenses and major programs in the statement include:

- a. The internal account structure of the reporting institution's intercollegiate athletics program;
- b. The institution's usual treatment of indirect facilities and administrative support related to athletics, and
- c. The degree to which institutional funds or state appropriations are earmarked or budgeted by the institution for athletics and generally considered to be a part of the department's operating revenue. More detailed discussion of revenue and expenditure classifications is set forth separately in Appendices A thru C.

The institution shall prepare the statement using the basic accounting and revenue recognition principles set forth in the American Institute of Certified Public Accountants (AICPA) Audit and Accounting Guide entitled "Not-for-Profit Organizations" (the "NFP Audit Guide") and in the NACUBO publication entitled "College and University Business Administration." Please note that the statement presents an excess (deficiency) of revenues over (under) expenses but does not present any fund or net asset balances. In addition, changes in loan, endowment or plant funds related to intercollegiate athletics shall not be included in the statement. Significant additions to restricted funds related to intercollegiate athletics, as well as significant changes to endowment and plant funds, shall be disclosed separately in the notes to the statement.

After the institution has prepared the statement, the independent accountant shall meet with the institution's president or chancellor (or his or her designees) to identify areas of significant interest and specific agreed-upon procedures related to both internal controls and other specified areas.

2. Minimum Compliance Agreed-Upon Procedures

The institution, through discussions with the independent accountant, shall identify aspects of the institution's internal control structure unique to the intercollegiate athletics department. Consideration should be given to departmental organization, control consciousness of staff, use of internal auditors in the department, competency of personnel, adequate safeguarding and control of records and assets, controls over

interaction with the information technology department, and other relevant matters.

The president or chancellor may include a formal assessment of internal controls over intercollegiate athletics programs financial processes. The independent accountant may test the internal control procedures unique to intercollegiate athletics and internal control procedures for the athletics department. In those situations where the institution's independent accountant performed tests of controls in connection with the audit of the institution's financial statements, the independent accountant may expand the scope of these tests of controls to specifically include transactions from the intercollegiate athletics department.

Regardless of the situation, the independent accountant shall test specific elements of the control environment and accounting systems that are (1) are unique to intercollegiate athletics and (2) have not been addressed in connection with the audit of the institution's financial statements (e.g., the system of accounting for revenues from ticket sales).

Finally, the independent accountant shall perform agreed-upon procedures related to the institution's procedures for gathering information on the nature and extent of affiliated and outside organization activity for or on behalf of the institution's intercollegiate athletics program. The institution must provide the independent accountant with the institution's procedures for gathering information on the nature and extent of affiliated and outside organization activity for on behalf of the institution's intercollegiate athletics program. The independent accountants will then test those procedures. After completing these procedures, independent accountants shall report their findings to the president or chancellor in a format similar to that outlined in Appendix E.

3. **Minimum Agreed-Upon Procedures**

To identify unusual items, the NCAA has developed minimum agreed-upon procedures for independent accountants to use regarding the accuracy of revenues and expenses of intercollegiate athletics programs. For a complete listing of the minimum agreed-upon procedures, see the sections entitled "Minimum Agreed-Upon Procedures Program for Revenues" and the "Minimum Agreed-Upon Procedures Program for Expenses" in Appendix D to be performed by the independent accountant to comply with this legislation.

The minimum agreed-upon procedures are intended to indicate the nature of the procedures to be performed on the institution's financial systems and records. The institution and their independent accountants should conform to such procedures as appropriate for the institution's systems and records, as well as to professional practice and reporting standards.

Upon approval of the institution, the minimum agreed-upon procedures performed may be tailored by the independent accountant based upon the specific areas of significance to the institution. The institution should keep the objective of the minimum agreed-upon procedures in mind when determining the sufficiency of the procedures to be performed.

The institution's president or chancellor may engage the independent accountant to perform supplemental agreed-upon procedures. The independent accountant shall document the scope of the supplemental agreed-upon procedures requested by the president or chancellor in an engagement letter signed in advance by the institution's president or chancellor. The institution, together with the independent accountant, shall determine the extent of the supplemental agreed-upon procedures to be performed.

a. Institutional Representations

In an engagement to apply agreed-upon procedures to certain financial and other information of the institution, the independent accountant shall obtain written representations from the institution's management. These representations may be tailored to cover specific assertions and matters unique to the intercollegiate athletics department (e.g., completeness of the schedule of intercollegiate athletics activities, institutional compliance with NCAA legislation and a listing of all known affiliated and outside organizations reported to the independent accountant).

b. Report on Agreed-Upon Procedures

i. Application of Agreed-Upon Procedures

The independent accountants' report on agreed-upon procedures applied to the institution should be in the form of procedures and findings. Among other things, the report should have a title that includes the word "independent" and identify the specified parties, the subject matter, and the procedures performed (and findings). See Appendix E for a listing of the required elements for a report on agreed-upon procedures. Examples of reports concerning agreed-upon procedures applied to institution's statement and affiliated and outside organizations' records are included as Appendix E.

ii. Presentation of the Statement of Revenues and Expenses

The basis of presentation of the statement will vary among institutions. As a result, the institution's statement may be presented in conformity with accounting principles generally accepted in the United States of America (GAAP) or with a comprehensive basis of accounting other than GAAP.

iii. Notes and Disclosures

(a) Each individual contribution of moneys, goods or services received directly by an intercollegiate athletics program from any affiliated or outside supporting organization, agency or individuals (e.g., contributions by corporate sponsors) that constitutes 10 percent or more of all contributions received for intercollegiate athletics during the reporting period shall be disclosed in the notes to the statement of athletics department revenues and expenses (the "statement") and included in the agreed-upon procedures report. Disclosure of the source of funds, goods and services, as well as the value associated

these items, shall also be made within the notes to the statement. In addition, as part of the minimum agreed-upon procedures, the independent accountant shall obtain and review documentation for each such contribution.

- (b) A description of the institution's policies and procedures for acquiring, approving, depreciating, and disposing of intercollegiate athletics-related assets, shall be included in the notes to the statement.
- (c) The independent accountant shall also obtain repayment schedules for all outstanding intercollegiate athletics debt maintained by the institution during the reporting period. At a minimum, the independent accountant shall recalculate annual maturities (consisting of principal and interest) provided in the schedules obtained. The independent accountant shall then agree the total annual maturities to documentation and the institution's general ledger, as applicable. The repayment schedule(s) shall be included in the notes to the statement.

MINIMUM AGREED-UPON PROCEDURES FOR AFFILIATED AND OUTSIDE ORGANIZATIONS

Following are minimum agreed-upon procedures that independent accountants and institutions shall use in applying agreed-upon procedures related to expenses for or on behalf of intercollegiate athletics programs by affiliated and outside organizations not under the institution's accounting control. The results of these procedures may be reported and included within the agreed-upon procedures report on the institution. See Appendix E.

- 1. The institution shall identify all intercollegiate athletics-related affiliated and outside organizations and obtain those organizations' statements for the reporting period. Once the institution has made these statements available, the independent accountant shall agree the amounts reported in the statement to the organization's general ledger or, alternatively, confirm revenues and expenses directly with a responsible official of the organization. In addition, the institution shall prepare a summary of revenues and expenses for or on behalf of intercollegiate athletics programs affiliated and outside organizations to be included with the agreed-upon procedures report.
- 2. The independent accountant shall obtain and review the audited financial statements of the organization and any additional reports regarding internal control matters if the organization is audited independent of the agreed-upon procedures required by NCAA legislation. The institution's independent accountant shall also inquire of institutional and organizational management as to corrective action taken in response to comments concerning internal control structure (if any).

The institution may tailor these procedures based upon the areas of significance to the institution. The institution should keep the objective of the agreed-upon procedures in mind when determining the sufficiency of the procedures to be performed.

a. Supplemental Procedures for Affiliated and Outside Organizations

- (1) Compare and agree a sample of operating revenue categories reported in the organization's statement during the reporting period to supporting schedules provided by the organization;
- (2) Compare and agree a sample of operating revenue receipts obtained from the above operating revenue schedule to adequate supporting documentation;
- (3) Compare and agree each operating expense category reported in the organization's statement during the reporting period to supporting schedules provided by the organization;
- (4) Compare and agree a sample of operating expenses obtained from the above operating expense supporting schedules to adequate supporting documentation;

- (5) Directly confirm cash balances recorded at the end of the reporting period by the organization and review the related year-end bank reconciliation(s);
- (6) Obtain and inspect minutes of the organizations' governing bodies during the reporting period;
- (7) Select a sample of financial transactions discussed in the minutes and compare and agree each selection to the organizations' accounting records, as applicable, and
- (8) Obtain documentation of the internal controls in place surrounding revenues and expenses related to the organization.

 - Note: The NCAA Membership Financial Reporting System's Revenue Distribution data entry webpage will automatically reduce the Total Revenue Distribution Equivalencies Awarded column to adhere to Bylaw 15.5.3.1.
- If a sport is discontinued and athletic aid is still being awarded/honored by the institution, the athletic aid is countable for revenue distribution purposes. Note: The discontinued sport will need to be added to the NCAA

Membership Financial Reporting System's Revenue Distribution data entry Webpage.

- All equivalency calculations should be rounded to two decimal places.
- If a selected student received a Pell Grant, ensure the value of the grant is not included in the calculation of equivalencies or the total dollar amount of student athletic aid expense for the institution.

ADDITIONAL MINIMUM AGREED-UPON PROCEDURES

In order for the NCAA to place reliance on the <u>Division I</u> financial reporting to calculate the Division I NCAA revenue distributions, which is a financial benefit to the institution, the following procedure are <u>required</u>:

1. Grants-in-Aid:

- a. Compare and agree the sports sponsored reported in the NCAA Membership Financial Reporting System to the Calculation of Revenue Distribution Equivalencies Report (CRDE) from Compliance Assistant (CA) or other report that supports the equivalency calculations from the institution. The NCAA Membership Financial Reporting System populates the sports from the NCAA Sports Sponsorship and Demographics Form as they are reported by the institution between April and June. If there is a discrepancy in the sports sponsored between the NCAA Membership Financial Reporting System and the CRDE or other report that supports the equivalency calculations, inquire about the discrepancy, and report the justification in the AUP report.
- **b.** Compare current year Grants-in-Aid revenue distribution equivalencies to prior year reported equivalencies per the Membership Financial Report submission. Inquire and document an explanation for any variance great than +/- 4%. The submitted data is reviewed by NCAA staff. Providing a detailed variance explanation will assist with the review process.

2. Sports Sponsorship:

- a. Obtain the institution's Sports Sponsorship and Demographics Form submitted to NCAA Research for the reporting year. Validate that the countable NCAA sports reported by the institution met the minimum requirements, set forth in Bylaw 20.10.6.3, related to the number of contests and the number of participants. If the institution requested and/or received a waiver related to minimum contests or minimum participants for a sport, that sport would not qualify as a sponsored sport for the purposes of revenue distribution. Also, only sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are eligible. Once the countable sports have been validated, ensure that the institution has properly reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System. Any discrepancies MUST be resolved within the NCAA Membership Financial Reporting System prior to the report being submitted to the NCAA.
- b. Compare current year number of Sports Sponsored to prior year reported total per

the Membership Financial Report submission. Inquire and document an explanation for any variance. The submitted data is reviewed by NCAA staff. Providing a detailed variance explanation will assist with the review process.

3. Pell Grants:

- a. Agree the total number of Division I student-athletes who, during the academic year, received a Pell Grant award (e.g. Pell Grant recipients on Full Athletic Aid, Pell Grant recipients on Partial Athletic Aid and Pell Grant recipients with no Athletic Aid) and the total dollar amount of these Pell Grants reported in the NCAA Membership Financial Reporting System to a report generated out of the institutions financial aid records of all student-athlete Pell Grants.
 - Note 1: Only Pell Grants for sports in which the NCAA conducts championships competition, emerging sports for women and bowl subdivision football are countable.
 - Note 2: Student-athletes should only be counted once even if the athlete participates in multiple sports.
 - Note 3: Individual student-aid file testing in step 31 above should tie any selected student athletes who received Pell Grants back to the report of all student athlete Pell Grants to test the completeness and accuracy of the report.
- **b.** Compare current year Pell Grants total to prior year reported total per the Membership Financial Report submission. Inquire and document an explanation for any variance greater than +/- 20 grants. The submitted data is reviewed by NCAA staff. Providing a detailed variance explanation will assist with the review process.

APPENDIX F | Common Questions and Answers

- Q: Can an internal auditor of one member institution conduct the required independent audit for another member institution in the same state system?
- A: Yes, provided the individual is an independent certified auditor and is not a staff member of that institution.
- Q: Can a member institution seek an extension of the deadline for completion of the annual agreed-upon procedures?
- A: No. NCAA legislation does not contain a provision under which the deadline may be extended or waived.
- Q: Are agreed-upon procedures performed by the internal audit division of a state system of higher education considered independent?
- A: Yes, since individuals who perform the work are employees of the state system reporting to the system's director of internal audits, provided the internal audit division performs the minimum agreed-upon procedures in a manner consistent with NCAA agreed-upon procedures for each institution.
- Q: How does a Division II institution satisfy the agreed-upon procedures requirement if the institution sponsors a sport(s) at the Division I level?
- A: The NCAA Interpretations Committee determined during its June 30, 1993, conference call that a Division II member institution that sponsors a Division I sport(s) shall not be subject to agreed-upon procedures (Based on Division II legislative action August 2004) for the Division I sport(s). This interpretation supersedes the previous legislative staff interpretation of January 15, 1992.
- Q: Does an independent group or organization that does not constitute a booster organization by name only (e.g., alumni association, foundation) need to have its athletically related financial activities included in the institution's financial audit (i.e., tested by the auditor and reported to the institutional auditor)?
- A: Any agency or group of individuals (two or more) that has as its principal purpose the generation of moneys, goods, or services for or on behalf of an intercollegiate athletics program should be included in the annual agreed-upon procedures.

- Q: Once affiliated and outside organizations (e.g., independent groups, affiliated foundations), such as those that do not fall under the purview of direct institutional oversight, are identified, how is their financial data to be included in the agreed-upon procedures?
- A: Either the organization's statements of revenues and expenses should be procured or, if audited independently of the institution, agreed-upon procedures and any reports to management related to the internal control structure need to be obtained and reviewed. Also, a schedule of expenses by the affiliated and/or outside organization for or on behalf of the institution's athletics program should be obtained and reconciled with the revenues recorded in the athletics program's accounting records.
- Q: What are the criteria used in compiling the total dollars generated for or on behalf of an athletics program?
- A: An institution must disclose in a footnote to the statement of athletics department revenues and expenses contributions from any outside source (not included as an agency, organization or group as indicated in the NCAA agreed-upon procedures in the section entitled "organization of intercollegiate athletics programs") that constitutes more than 10 percent of all contributions received (e.g., contributions by corporate sponsors). The source from which such funds are received also shall be disclosed in a footnote to the statement of revenues and expenses.
- Q: For an institution with a fiscal year-end which would preclude a timely report, how can an exception be granted to report on the most recent fiscal year that is completed?
- A: The institution should contact the NCAA Administrative Services group for guidance.
